METROPOLITAN
UNIVERSITY

A photograph of three young adults, two women and one man, smiling and posing together outdoors. The man is in the center, wearing a light blue button-down shirt. To his left is a woman with long dark hair, wearing a white top and a light blue jacket. To his right is a woman with dark skin and curly hair, wearing a purple top and a watch. They are all smiling and looking towards the camera. The background shows green foliage and a building. The image is overlaid with a large blue geometric shape in the bottom right corner, which contains the text.

GREETINGS FROM THE RECTOR

"Beyond immersing themselves in their chosen fields of study, students have the opportunity to explore our teaching and research facilities and attend lectures and trainings that suit their interests."

Lectori salutem!

Since its establishment, the Budapest Metropolitan University — much like its predecessor, the Budapest College of Communication — has been a driving force in the transformation and development of higher education in Hungary. We remain dedicated to preserving and strengthening our role as a pioneer in higher learning with our exceptional academic curriculum, our partnerships in nearly 20 countries, our continuously enhanced training programs, our renowned Hungarian and international guest lecturers, and our globally competitive infrastructure. From their very first day at university, our students become part of an exciting, vibrant community. Beyond immersing themselves in their chosen fields of study, they have the opportunity to explore our teaching and research facilities and attend lectures and trainings that suit their interests.

Both the local and global labour markets seek professionals who can not only overcome tough challenges but respond to them creatively. We firmly believed that being well-prepared and thinking unconventionally — beyond the strict limits of one's profession — are the key ingredients to success and innovation. At METU, we provide students with every opportunity to acquire the skills they need to succeed in their chosen line of work.

During their studies, students can take advantage of the numerous cultural and community programs that Budapest Metropolitan University offers to build a network of contacts to help them find a job once they graduate to smoothly integrate into the professional world. After graduating, they often return to the university for professional events and postgraduate training, which confirms the positive experience they had here as students.

Vivat Academia!

PROF. DR. GYÖRGY KOCZISZKY

Rector

JOIN METU ALUMNI COMMUNITIES FROM ABROAD!

With the recent establishment of the **METU Alumni Club**, former students can become part of a community in Hungary and anywhere in the world by using the platform's features.

All you need to do is sign up, upload your profile, and find out which METU Alumni Club member lives near you!

It's easy to create groups and meet in an English pub, Italian café, or Turkish bath—this community has no boundaries!

STUDENT LIFE

"There are many international students. I enjoyed the multicultural atmosphere and thought it important for everyone to accept others regardless of their background. As a student of tourism who's interested in other cultures, I was impressed by this. I also liked the wide range of specializations available within the program."

Richárd Szécsi,
Tourism and Catering BSc

Make the most of your university life and enjoy your free time! Improve your skills and grow professionally in your favorite subjects by taking part in workshops and exciting projects and stepping out of your comfort zone. Most importantly, have a GREAT time at METU!

METU SPORT

Stay healthy and make friends by participating in sports activities at METU. Expect to be part of a wonderful atmosphere, with great team spirit and professional, dedicated trainers. If you're the competitive type, you can put your athletic skills to the test by participating in competitions held every semester. Have fun with others in a team sport or take advantage of an individual sport you love. METU provides plenty of options.

MENTOR PROGRAM

METU's Mentor Program is dedicated to helping new international students integrate into the university and settle in Hungary. The goal of this program is to offer an open, supportive community of mentors and mentees. If you need guidance as a freshman at METU or want to become part of our community to make new friends and have fun, don't hesitate to join us.

METU CLUBS

Together with our students, we created a club system that helps establish, manage, and constantly improve student clubs. At the beginning and end of each semester, we hold an event for various clubs to present themselves and their achievements. Join a club with your friends and make the most of the fun activities and creative opportunities it has to offer!

METU ON THE MOVE

At METU, one of our main objectives is to introduce new international students to Budapest and other exciting parts of Hungary and Hungarian culture. We organize a wide range of programs, including affordable day trips, to make sure each student has the opportunity to become part of the METU student community.

Check out our Events newsletter or CooSpace scenes to find out about upcoming events!

DORMITORY

Budapest Metropolitan University offers students accommodation at the CEU Residence Center, a contracted partner. The center is located a few minutes away from our Nagy Lajos campus and offers additional services.

CEU RESIDENCE CENTER

The CEU Residence Center is a large, modern residence complex located approximately 12 minutes away from METU's main campus. The center offers comfortable, air-conditioned, furnished single and double rooms of 14.8 m². All rooms have private bathrooms, and there's a swimming pool, a gym, and a canteen on site.

- 24/7 reception and security service
- Study room
- Swimming pool, sauna, and gym
- Restaurant, café, and shop
